Citizens and Governing Board
Tucson Unified School District No. 1
1010 E. Tenth St.
Tucson, AZ 85719

State law mandates that school districts required to undergo an annual single audit publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States by a certified public accounting firm licensed in the State of Arizona. Pursuant to that requirement, we hereby issue the annual comprehensive financial report of the Tucson Unified School District No. 1 (District) for the fiscal year ended June 30, 2023.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with accounting principles generally accepted in the United States of America. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free of material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The District's financial statements have been audited by Heinfeld, Meech & Co., P.C., a certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the financial statements of the District for the fiscal year ended June 30, 2023, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the District's financial statements for the fiscal year ended June 30, 2023, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the District was part of a broader, federally mandated Single Audit as required by the provisions of the Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the District's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in a separately issued Single Audit Report.

Accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of *Management's* Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

Profile of the District

Everything Under the Sun Video about District Programs

<https://tinyurl.com/TUSD4ALL>

Tucson Unified School District is the oldest school district in Arizona. The Pima County Board of Supervisor met on November 18, 1867, to officially establish School District No. 1 of Pima County, before Arizona was admitted to the Union. On July 1, 1977, marked the beginning of a new name: Tucson Unified School District, with the merger of Tucson Elementary School District and Tucson High School District. The District's first class began with an enrollment of 55 students. Over 150 years later, TUSD provides public education services to over 41,000 students from Pre-Kindergarten through grade 12. District schools are spread over 230 square miles of the Tucson Metropolitan area and unincorporated areas of Pima County. The average age of school structures is 50 years.

As the second largest school district in Arizona (over 100 school and specialty programs) and among the largest districts in the United States, Tucson Unified's 2022-23 student enrollment is approximately 82 percent from diverse racial and ethnic groups and more than 90 world languages are spoken in TUSD. The District offers extensive educational programs, such as advanced learning experiences (ALE), career and technical education (CTE), gifted and talented education (GATE), award-winning fine arts, bilingual and multicultural education. The District is composed of traditional comprehensive schools, magnet schools, flexible alternative programs customized to meet our students' needs. The newest addition was the establishment of the Tucson Unified Virtual Academy, which provide asynchronous and synchronous virtual instruction. The District is also a member of the Pima Joint Technical Education District (JTED), a career and technical education district that provides students with hands-on skills for their career or college path.

Each school district is a separate political subdivision of the state with geographic boundaries organized for the purpose of the administration, support and maintenance of public schools. The District's purpose and responsibility is to provide a educational programs and services for the children enrolled in its schools within its boundaries.

The District's Governing Board is organized under Section 15-321 of the Arizona Revised Statutes (A.R.S.). Management of the District is independent of other state or local governments. The County Treasurer collects taxes for the District, but exercises no control over its expenditures/expenses. The membership of the Governing Board consists of five members elected by the public. Under existing statutes, the Governing Board's duties and powers include, but are not limited to, the acquisition, maintenance and disposition of school property; the development and adoption of a school program; and the establishment, organization and operation of schools. The Board also has broad financial responsibilities, including the approval of the annual budget, and the establishment of a system of accounting and budgetary controls.

The financial reporting entity consists of a primary government and its component units. A component unit is a legally separate entity that must be included in the reporting entity in conformity with generally accepted accounting principles. The District is a primary government because it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Workers' compensation insurance and certain employee health insurance benefits are provided through legally separate trusts, which function in essence as departments of the District and therefore are included as an integral part of the District financial statements. Consequently, the District's financial statements include only the funds of those organizational entities for which its elected governing board is financially accountable. The District's major operations include education, student transportation, construction and maintenance of District facilities, food services, and extracurricular activities.

The District maintains budgetary controls as an integral part of its overall system of internal controls. The objective of these budgetary controls is to ensure compliance with legal provisions included in the annual expenditure budget adopted by the District's Governing Board. The annual expenditure budget also serves as the foundation for the District's financial planning and control. Activities of the general fund, special revenue funds, and capital projects funds are included in the annual appropriated budget. The level of budgetary control (i.e., the level at which expenditures cannot legally exceed the appropriated amount) is the total adopted expenditure budget. Arizona Revised Statutes permits the adopted expenditure budget to be revised annually. The District additionally exercises management control and oversight of the budget at the fund level. The District may have overexpenditures of budgeted funds as long as the necessary revenue is earned. The District is not required to prepare an annual budget of revenue; therefore, a deficit budgeted fund balance may be presented.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the District operates.

Local Economy. The economy of the District is centered on Pima County, which has a population of approximately 1.1 million residents. The City of Tucson is the second largest metropolitan area in Arizona and encompasses approximately 227 square miles. The principal economic activities within the District include aerospace and defense, optics, renewable energy, tourism, manufacturing, healthcare, and service industries. Some of Tucson's largest employers are listed in the Statistical Section of this Annual Comprehensive Financial Report.

Tucson is known for renowned events, which includes the Tucson Gem, Mineral and Fossil Show, the Tucson Festival of Books, El Tour de Tucson, La Fiesta de Los Vaqueros, and the Tucson International Mariachi Conference. The Tucson Metropolitan Statistical Area (MSA) increased its population by 1.3% in 2022, which ranked fourth out of 12 western MSA; only surpassed by Phoenix, San Antonio and Austin. The Tucson MSA is home to approximately 1.1 million residents. According to the Eller Economic and Business Research Center, the Tucson MSA was significantly impacted by the Great Recession of 2008, with a decline of 6.6%. Tucson GDP growth rebounded in 2010, but remained below national rates until 2016, when Tucson exceeded the national rate. A significant decline was posted during the first year of the COVID-19 pandemic in 2020, which was higher than the national rate. The actual growth rate of nonfarm jobs for FY2022 was approximately 3.2%

State funding. The State budget for fiscal year 2022-23 included a significant increase to the Base Support Level of 8.8%, which includes the statutorily required 1.2% inflationary increase for all public schools. The per pupil allocations for Capital funding also received an increase for the first time in recent history. This additional capital allocation provided the District the capacity to focus on additional capital needs that have been deferred due to a lack of shared capacity between instructional and infrastructure improvements. The legislature also implemented two significant increases that benefited the district's fiscal year 2022-23 budget. First, a new added student weight was established for students who are eligible for free or reduced priced lunch through the National School Lunch Program. The added student weight provided the district over \$2.3 million in additional revenue for its General Fund. Additionally, the increase in specific student weights related to specific groups of students who have special needs also provided the District with over \$4.5 million in additional revenues. The creation of these base increases and additional student weights established improved baselines across the major sources of funding for the District's operations.

Effect of COVID-19. The District established a COVID-19 task force on March 2, 2020, which consisted of 32 team members from all functional areas and departments. The team developed the District's pandemic protocols, online education plan, and disinfection plan in addition to reviewing online curriculum needs, food distribution, and communication methods.

On, March 15, 2020, the governor mandated a state-wide school closure. The District swiftly procured approximately \$4.0 million in student laptop devices and distributed these to District families to enable students to work from home and complete the 2019-20 school year remotely.

On March 27, 2020, House Bill 2910 was signed into law. It mandated the District continue to pay all employees through the remainder of the closure. The continued payment of salaries in the certain areas posed a hardship due to the loss of revenue during the school closures. Therefore, the district was able to fund some of these losses with the \$18.5 million in relief funding received through the CARES Act in addition to monies funded by the Enrollment Stability Grant. The District began a remote instructional model in the 4th quarter of the 2019-20 school year. On June 29, 2020, the governor signed executive order 2020-44 *Protecting Public Health for Students and Teachers* which delayed the opening of in-person school until August 17, 2020. Districts that opted to offer distance learning models were funded at a lower rate consistent with Arizona Online Instruction Programs (AOI). Full-time students are funded at 95% and part-time students are funded at 85%.

On July 23, 2020, the governor signed executive order 2020-51 *Arizona: Open for Learning* which required schools to offer on-site learning opportunities. The District offered on-site learnings spaces as it relied upon and monitored public health metrics. The District operated under a remote instructional model for the first three quarters of the school year.

On March 3, 2021, the governor signed executive order 2021-04 *Open for In-Person Learning* which required all school districts to return to In-Person Learning by the start of the fourth quarter. The District opened full in- person learning on March 22, 2021, while continuing to offer a remote instructional model to accommodate students who opted not to attend in person.

The impact on the District's average daily membership resulted in a loss of 2,767 or -6.6%. The District was able to offset the revenue reduction with funding from the Enrollment Stability Grant (ESG) and Elementary and Secondary School Emergency Relief (ESSER) grants.

The District received a total award of \$15.2 million from the Enrollment Stability Grant Grant (ESG) which covers expenditures from March 1, 2020 through December 30, 2020. In addition to the ESG, the District received approximately \$267.8 million from the Elementary and Secondary School Emergency Relief (ESSER) grant program. The District was allocated \$18.5 million from ESSER I, which expired on September 30, 2022. From ESSER II, the District received \$76.4 million, this program expired on September 30, 2023, and finally, the ESSER III allocation totaled approximately \$172.9 million and is scheduled for expiration on September 30, 2024. Tucson Unified received the largest share of ESSER funds of all Arizona's public school districts.

District Plans. Tucson Unified School District is poised to realize its full potential as a high-performing school district delivering a college- and career-ready education for every student in every school in every part of Tucson.

A. Five-Year Strategic Plan:

In February 2014, the Governing Board approved a Five-Year Strategic Plan that included strategic priorities in five key areas: curriculum, diversity, finance, operations, and communication. The plan was formed with input from more than 400 community members. For each year, each category in the plan contains five strategic priorities and five SMART (specific, measurable, achievable, realistic, time-bound) goals. In all, the five-year plan contains 125 goals designed to serve as a road map for achieving high performance and tight alignment. The plan was informed by key studies: a curriculum audit, an efficiency audit, a demographic study and a boundary review. These audits and plans were used to form the basis for understanding where Tucson Unified needs to grow and improve.

In fiscal year 2019-20, the District began the process of developing a new strategic plan. However, due to the COVID-19 pandemic, the process was delayed, but the work continued with input from community members and District stakeholders. The new Five-Year Strategic Plan was approved by the Governing Board in fiscal year 2021-22. The new plan will focus on five key pillars: Excellence, Innovation, Integrity, Diversity, and Caring Community. These will be driven by six key goals: Future-Focused Learning; Social and Emotional Well-Being; Equity, Diversity, and Inclusion; Professional Growth, Community Strength, and Optimized Resources. The District's vision under this new plan is, "Inspiring a diverse community to connect, learn, innovate, and lead for a better world. This is embraced by the District's new mission statement, "Our community prepares all students to become responsible, ethical, and engaged global citizens by creating relevant, dynamic, and joyful educational experiences that embrace cultural diversity." Baseline key performance indicators were developed in Spring 2023, and the plan will be implemented in earnest in the 2023-24 school year.

B. Comprehensive Curriculum:

The Curriculum & Instruction Department developed a comprehensive curriculum in each subject area. The work began in 2013-14 school year with an aggressive push to develop a written curriculum aligned to standards and appropriate for systematic deployment. The Department started the process with an emphasis on the core subjects of English Language Arts and Mathematics, developing curriculum maps and a written scope and sequence to ensure that students at all sites – regardless of race, ethnicity, ELL status, or socio-economic background – would be exposed to teaching which reflects an underlying curriculum assigned to consistent standards. Instructional improvement was tailored to Charlotte Danielson’s Framework for Teaching (which also underlies the District’s teacher evaluation instrument). The District’s curriculum includes a Multicultural Framework for Student Academic Success. This multicultural curriculum uses the Anti-Bias Framework, developed by the Southern Poverty Law Center, and culturally responsive teaching as a basis for effective anti-bias education at every grade level. The curriculum, which is inclusive of the histories, cultures, and contributions of diverse groups of people, enriches learning for all students, preparing them to work toward structural equality and equity by engaging them in critical thinking around issues of racism, sexism, classism, linguicism, ageism, genderism, and more.

As a result of the COVID-19 pandemic, the District procured a new learning management system (LMS), Canvas, to facilitate management, delivery and measurement of the district’s learning programs, both virtual and in-person. The implementation of Canvas was completed in the 2021-22 school year. Canvas is fully integrated as part of daily instruction and is synchronized with the District’s student information system, Synergy. While the impetus to procure a new LMS was spawned from the need to provide remote instruction during the height of the pandemic, the integration of this new system is not only a foundational element of classroom instruction, but the resources and support behind have become integral to the district’s comprehensive curriculum and instruction models.

C. Technology

The COVID-19 pandemic reinforced the District’s need to refocus its efforts on technology infrastructure investments. By the Spring 2020, the District was pressed to become a 1-to-1 student to laptop district. This was a crucial component of transitioning to a full remote learning experience for all 40,000+ students. In addition to the deployment of over 20,000 student devices, the District made Internet hotspot devices available to families in need of Internet access. As in-person instruction returned to the classroom, the District redoubled its efforts to improving network infrastructure at District campuses were completed to accommodate the new technology and added load on existing systems. The District developed a multiyear plan that culminated in a 1-to-1 device for all 40,000+ students and over 4,000 instructional staff. These devices are now deployed and part of the normal operations of the District’s instruction and operations. The initiative was primarily funded using federal ESSER funds. The District also leveraged nearly \$14 million in funding from the Emergency Connectivity Fund (ECF) to help with the expansion and upgrade to the District’s network. As pandemic era funds are set to expire, the District is incorporating this initiative into the District’s capital improvement plan and a potential bond program for the November 2023 ballot.

In January 2023, the District was the victim of a cybersecurity incident that allowed an unauthorized actor to access portion of the District’s network. The District was unable to access various components of its network, which included the district’s enterprise resource planning (ERP) system, its student information system, the Internet, and file servers. The District’s financial assets such as bank and investment accounts were never compromised, and no funds were ever accessed. The district was able to restore access to all these critical systems within two weeks from the discovery of the attack. The District worked with its cyber liability insurance providers to conduct a full investigation as to the extent of the attack.

Several industry level security measures were implemented to harden access to critical systems and all major systems were moved from an on-premises server environment to cloud-based servers with various backup and security features. The full cyber attack investigation was completed by July 2023, and individuals whose personally identifiable information was potentially comprised were notified according to Federal and State laws and regulations. Ultimately, the district's assets remained intact.

D. Desegregation Order:

The District continued to operate under a Unitary Status Plan (USP) through the fiscal year that ended on June 30, 2022. Although the District was under court supervision from 1978 until 2008, when it was declared unitary and federal court supervision ended and placed under a Post-Unitary Status Plan (PUSP). In 2011, Plaintiffs applied to the U.S. Court of Appeals for the Ninth Circuit and the District was placed under federal court supervision. On July 19, 2023, the U.S. District Court in Arizona officially declared the District to be unitary, once again ending federal court supervision. The District will continue to operate under a post-unitary status plan (PUSP). However, supervision of desegregation-related activities will now be under the purview of the elected Governing Board. The District will continue to demonstrate its commitment to diversity, equity, and inclusion in all its educational programs.

Under Paragraph G of §15-910 of Arizona Revised Statutes, local property taxes fund the District's efforts to comply with desegregation orders and agreements with the Office for Civil Rights (OCR) at the U.S. Department of Education. Because some desegregation compliance activities overlap with OCR compliance activities, the USP has been developed in a way that attempts to harmonize those overlapping activities into a single document. Other OCR compliance activities continue to be funded and tracked separately. Finally, although the District is operating under a PUSP, the local property tax is only able to pay for programs and activities that existed before court supervision ended.

E. General Fund Efficiency Measures:

The District utilizes a staffing allocation standard for fund positions and operations at each of its schools. The standards have been further refined to include Standard funds and supplemental allocations from other available funding sources. The new standards have reallocated the available resources in a more equitable manner, focused on student achievements and improving the student learning experience across all schools. Initiatives that either began in the 2022-23 year, or are currently under way are:

- The Enrollment Recovery Taskforce implemented a districtwide online registration system via the ParentVue portal on EduPoint, the District's student information system. This allows families to register current students or register potential students in any of the district's 88 schools.
- In Fiscal Year 2022-23, the District experienced a decline of 1.5% of its student's enrollment compared to the prior fiscal year. This was the first time since fiscal year 2020-21 that the District experienced a decline in enrollment. The enrollment decline was on par with the overall decline of the student-age population across Pima County. Moreover, the implementation of universal empowerment scholarship accounts (ESA), commonly known as school vouchers, has incentivized the decline of public school student enrollment across Arizona.
- The District continued its expanded summer school program and made summer enrichment programs available to all TUSD students to help stem the learning loss as a result of the COVID-19 pandemic.

- The District's Procurement Card (pCard) initiative continues to be a success on two fronts. First, the pCard program allowed the District to streamline accounts payable operations and reduction operational overhead costs. Moreover, 9 out of 10 accounts payable transactions are performed using a pCard versus the traditional check method. Second, the district's use of a shared revenue feature of the pCard program has generated approximately \$5.0 million by the close of fiscal year 2023. Proceeds from these revenues have provided the District with the opportunity to provide supplemental support to fine arts, interscholastics, and other extracurricular activities and opportunities for students.
- With the advent of the COVID-19 pandemic, the District's minimum carryforward contingency policy provided the District with stability and predictability in its finances. The District is required to maintain a minimum of 1% capacity, but in fiscal year 2023, the district exceeded this threshold.
- In November 2021, City of Tucson voters approved a minimum wage ordinance that requires a minimum wage within the city limits of \$15.00 per hour by January 1, 2025. In May 2022, the Governing Board approved a \$13.50 minimum wage effective July 1, 2022, to coincide with the increase under the new voter approved ordinance. However, considering additional revenues from the State to public schools, the Governing Board approved a \$15.00 minimum wage for all District employees effective July 1, 2022, nearly 3 years ahead of schedule.
- In May 2022, the Governing Board approved a compression and market wage adjustment for essential positions, such as school bus drivers, effective July 1, 2022 – a nearly \$8.0 million investment. In November 2022, the District implemented a second wage compression adjustment for non-administrative or certified classifications across the District. The compression adjustment, coupled with a general salary increase, provided some employees with increases that exceed the cost of inflation. This \$11.0 million investment was in addition to the investments for essential positions and the new minimum wage.
- In Spring 2021, the Pima County Board of Supervisors committed \$10 million to fund the *Pima Early Education Program Scholarships (PEEPS)* for high quality preschool education across Pima County for low-income families. TUSD signed a 3-year agreement up to 8 new preschool classrooms totaling over \$3.1 million, by the end of fiscal year 2023, TUSD had established all 8 classrooms serving 116 students – at no cost to families. As an additional initiative, the district invested nearly \$1.0 million to provide free before-and-after school programs to all TUSD students in one of the District's community school programs, or the City of Tucson's KIDCO program.
- Like other districts across the country, the District has had to focus on the need to invest in capital and facilities upgrades related to the safety and security of schools. The Governing Board approved an initial investment of \$2.5 million in improvements to safety infrastructure at identified schools to help mitigate the safety and security issues. School safety will be a primary component of the District's proposed bond election.
- Finally, in June 2023, the Governing Board issued a call for a special bond election for the school district. The bond election authorizes the District to issue \$480.0 million in school improvements to invest across five major areas: repairs and upgrades to existing facilities, improvements to classrooms and learning spaces, health, security, and safety, access to updated technology, student transportation, and support vehicles and equipment. This would be the largest bond issuance in the District's history.

F. Other Major Initiatives:

The District continues to focus on key initiatives that provide opportunities for proficiency and growth. Some of these initiatives include:

- Expanded school safety and classroom management
- Tier 1 highly effective teaching strategies
- Expansion of two-way dual language
- Full rollout of Tucson Unified Virtual Academy (TUVA) as a standalone online school
- Implementation of New Administrator Mentorship program
- Rollout of a Multi-Tiered System of Support (MTSS) Coordinators across the District
- Dedicated recruitment coordinator for highly qualified teachers
- Planning on the expansion of the Innovation Tech High School (ITHS) with the Pima County JTED
- Planning pilot program for reconfiguring select K-5 schools to K-6 schools for school year 2024-25

Awards and Acknowledgment

Awards. The Association of School Business Officials International (ASBO) awarded a Certificate of Excellence in Financial Reporting to the District for its annual comprehensive financial report for the fiscal year ended June 30, 2022. This was the thirty-eighth consecutive year that the District has received this prestigious award. In addition, the Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the District for its annual comprehensive financial report for the fiscal year ended June 30, 2022. In order to be awarded these certificates, the District published an easily readable and efficiently organized annual comprehensive financial report. This report satisfied both accounting principles generally accepted in the United States of America and applicable legal requirements.

These certificates are valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the programs' requirements and we are submitting it to ASBO and GFOA to determine its eligibility for the fiscal year ended June 30, 2023 certificates.

Tucson Unified is proud to create excellent learning opportunities for all of our students who choose to be a part of the District. The District has established numerous programs in our schools to embrace and challenge all of our kindergarten through 12th grade students. During the 2022-23 school year, the following recognitions have been awarded across the District:

- Eight University High School students selected as National Merit Scholarship Winners and 20 selected as semi-finalists.
- Pueblo High School student selected as winner of the California Sol Great Debate
- Finalist for National Institute of Governmental Procurement (NIGP) Public Procurement Award
- Sabino High School Coaching Staff of the Year from National Fastpitch Coaches Association
- Tucson High Magnet School Film & TV Student Achievement Award winner from the Rocky Mountain Emmy Awards
- University High School teacher selected for the 2022 Yale Educator Award
- College Board National Recognition Program for students at University High School
- 50th anniversary of ballet folklorico "Los Tucsonenses" de Tucson High Magnet School
- Pima County Legendary Teacher Award for Pueblo High School teacher

- Sabino High School Assistant Principal recognized as a 40 Under 40 Award winner by the Tucson Hispanic Chamber of Commerce
- Vail Middle School STEM Teacher recognized with the 2022 Raytheon Leaders in Education Award
- Tucson High Magnet School student selected as the winner of the Arizona Association of Latino Administrators and Superintendents Mes de la Cultura Art Contest
- Rincon/University High School marching band placed 2nd at the 2022 Arizona Marching Band Association Championship
- Sabino High School teacher selected as Outstanding Teacher for American History for the State of Arizona
- Rincon High School yearbook 1st place winner of the Entourage 2022 National Yearbook Contest
- Seventeen TUSD teachers received their National Board Certifications
- Palo Verde High School and Catalina High School students selected as Arizona Student Success Stories by the Arizona Department of Education's Office of English Language Acquisition Services
- Carrillo K-5 Magnet School and Mansfield Middle Magnet School selected as National Merit Schools of Excellence by the Magnet Schools of America
- Tucson High School selected as a National Merit School of Distinction by the Magnet Schools of America
- Three TUSD school nurses earned National Board Certification for school nursing
- Sabino High School softball team 2023 state conference champions
- Tucson High Magnet School #1 in Arizona Career and Technical Education Spring 2023 assessments – highest performing school for digital photography
- University High School student named 2023 U.S. Presidential Scholar
- Two University High School students selected as 2023 Flinn Scholars
- Ochoa Community School celebrated its 100th anniversary
- Rincon High School teacher selected as the Chicanos Por La Causa Latino Teacher Award
- Donation from Vantage West Credit Union paid off over \$27,000 student lunch debt through February 2023

Students and families are experiencing many positive impacts due to the focus and hard work within the District. Some of the “Big Wins” include:

- State achievement testing successes:
 - In English Language Arts, schools demonstrated between a 4% and 8% increase in proficiency from the prior school year
 - Third graders demonstrated 8% increase in English Language Arts proficiency, the greatest year over year increase.
 - The District saw a 10% and 11% increase in Math proficiency, respectively, for grades 3 and 4.
- New letter grades showed dramatic improvement and academic growth across TUSD:
 - 30% of TUSD school increased their letter grades, while 46% retained the same grade
 - Over half of TUSD schools earned a letter grade of an “A” or “B”
 - No schools in TUSD earned a letter grade of an “F”
 - Five schools improved their grades by two letter grades, including one school (Safford MS) improved an “F” to a “C”
- The expansion of the District's summer school programs resulted in a peak enrollment of over 11,000 students or approximately 1 in 4 TUSD students attended.

- Updated the Code of Conduct that is user and mobile friendly, while increasing classroom autonomy and control for teachers.
- Over the last 4 years, a 66% reduction in teacher vacancies has been achieved.
- School letter grades have increased 21% over last year.
- All schools have installed Keyless entry systems with cameras.
- Establish Extended Day Learning Academy in all high schools to help with credit recovery.
- Expanded the Career and Technical Education (CTE) programs throughout the District.
- Innovation Tech High School, a joint high school with the Pima County Joint Technical Education District (JTED), focusing on CTE programs

Over the past few years, Tucson Unified has developed numerous specialized programs to fit all levels of student needs. We are excited to see the programs grow and have a positive impact on how Tucson Unified is preparing students to be well-educated and successful members of the community. The program options that our students can choose from are:

Magnet – Specializing in STEAM/STEM and the Arts.

Gifted and Talented Education (GATE) – Classes are available in most schools, as well as full-day programs are available.

Dual Language – Spanish /English classes are growing, and students are achieving higher than average test scores as each year.

Dual Credit – Enables students to receive simultaneous academic credit from both the college and high school, saving students thousands of dollars.

International Baccalaureate Program (IB) – Aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

Career and Technical Education (CTE) – Prepares students for workforce success and continuous learning.

Advancement Via Individual Determination (AVID) – A school-wide college- and career-readiness system.

Teenage Parent High School (TAP) – Supporting pregnant and parenting teens to continue their education and graduate from high school.

Exceptional Education – Developing special education support programs to ensure the success of all levels of learners. Tucson Unified has one of the largest coordinated programs in Arizona.

Innovation Tech High School – a High School Partnership with Pima County JTED where students can receive their High School Diploma while taking career and technical education courses and receive certifications.

Tucson Unified Virtual Academy program (TUVA)- Tucson Unified Virtual Academy is TUSD's newest school supporting students in kindergarten through 12th grade that prefer a remote (virtual) learning environment, while supporting a stronger instructional presence.

Acknowledgments. The preparation of the annual comprehensive financial report on a timely basis was made possible by the dedicated service of the entire staff of the financial services department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

In closing, without the leadership and support of the Governing Board of the District, preparation of this report would not have been possible.

Respectfully submitted,

Independent Auditor's Report

Governing Board
Tucson Unified School District No. 1

Report on Audit of Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Tucson Unified School District No. 1 (District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Tucson Unified School District No. 1, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Tucson Unified School District No. 1 and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note 1, the District implemented the provisions of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, for the year ended June 30, 2023, which represents a change in accounting principle. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, budgetary comparison information, and net pension liability information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Combining and Individual Fund Financial Statements and Schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Combining and Individual Fund Financial Statements and Schedules information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Introductory Section and Statistical Section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on other work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 27, 2024, on our consideration of Tucson Unified School District No. 1's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Tucson Unified School District No. 1's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tucson Unified School District No. 1's internal control over financial reporting and compliance.

(Required Supplementary Information)

(This page intentionally left blank)

Tucson Unified School District No. 1
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

As management of the Tucson Unified School District No. 1 (District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2023. The management's discussion and analysis is presented as required supplementary information to supplement the basic financial statements. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

Financial Highlights

- The District's total net position of governmental activities increased \$68.7 million which represents an 22 percent increase from the prior fiscal year as a result of an increase in state equalization funding due to an increase in the funding formula adopted by the state legislature.
- General revenues accounted for \$434.0 million in revenue, or 64 percent of all current fiscal year revenues. Program specific revenue in the form of charges for services and grants and contributions accounted for \$248.4 million or 36 percent of total current fiscal year revenues.
- The District had approximately \$614.6 million in expenses related to governmental activities, an increase of 19 percent from the prior fiscal year primarily due to overall salary and wage increases.
- Among major funds, the General Fund had \$385.9 million current fiscal year revenues, which primarily consisted of state aid and property taxes, and \$372.6 million in expenditures. The General Fund's fund balance increase from \$60.9 million at the prior fiscal year end to \$84.5 million at the end of the current fiscal year was primarily due to an increase in state equalization funding due to an increase in the funding formula adopted by the state legislature.
- Net position for the Internal Service Funds increased \$6.8 million from the prior fiscal year. Operating revenues of \$43.2 million exceeded operating expenses of \$37.1 million at the end of the current fiscal year.

Tucson Unified School District No. 1
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

Overview of Financial Statements

This discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. The accrual basis of accounting is used for the government-wide financial statements.

The statement of net position presents information on all of the District's assets, liabilities, and deferred inflows/outflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

The government-wide financial statements outline functions of the District that are principally supported by property taxes and intergovernmental revenues. The governmental activities of the District include instruction, support services, operation and maintenance of plant services, student transportation services, operation of non-instructional services, and interest on long-term debt.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements use the modified accrual basis of accounting and focus on near-term inflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Tucson Unified School District No. 1
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

Overview of Financial Statements

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General and Federal and State Grants Funds, both of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements and schedules.

Proprietary funds. The District maintains one type of proprietary fund. The internal service funds are accounting devices used to accumulate and allocate costs internally among the District's various functions. The District uses its internal service funds to account for its employee benefit trust and workers' compensation trust self-insurance programs. Because this service predominantly benefits governmental functions, it has been included within governmental activities in the government-wide financial statements. The employee benefit trust and workers' compensation trust self-insurance programs, although legally separate component units, function for all employees of the District, and therefore have been included as internal service funds. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements.

Tucson Unified School District No. 1
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

Overview of Financial Statements

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's budget process and pension plan. The District adopts an annual expenditure budget for all governmental funds. A schedule of revenues, expenditures and changes in fund balances – budget and actual has been provided for the General Fund and major Special Revenue Funds as required supplementary information. Schedules for the pension plan have been provided as required supplementary information.

Government-Wide Financial Analysis

Net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows exceeded liabilities and deferred inflows by \$380.2 million at the current fiscal year end.

The largest portion of the District's net position reflects its investment in capital assets (e.g., land and improvements, buildings and improvements, vehicles, furniture and equipment and construction in progress), less any related outstanding debt used to acquire those assets. The District uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related outstanding debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. In addition, a portion of the District's net position represents resources that are subject to external restrictions on how they may be used. The remaining balance is unrestricted and may be used to meet the District's ongoing obligations to its citizens and creditors.

Tucson Unified School District No. 1
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

Government-Wide Financial Analysis

The following table presents a summary of the District's net position for the fiscal years ended June 30, 2023 and June 30, 2022.

| | As of June 30, 2023 | As of June 30, 2022 |
|----------------------------------|------------------------|------------------------|
| Current assets | \$ 251,033,901 | \$ 237,342,569 |
| Capital assets, net | 636,870,059 | 616,953,180 |
| Total assets | <u>887,903,960</u> | <u>854,295,749</u> |
| Deferred outflows | <u>76,736,106</u> | <u>85,912,443</u> |
| Current and other liabilities | 47,564,505 | 55,229,524 |
| Long-term liabilities | 511,551,844 | 441,855,096 |
| Total liabilities | <u>559,116,349</u> | <u>497,084,620</u> |
| Deferred inflows | <u>25,339,077</u> | <u>132,432,705</u> |
| Net position: | | |
| Net investment in capital assets | 532,560,007 | 501,423,914 |
| Restricted | 66,217,962 | 69,842,910 |
| Unrestricted | (218,593,329) | (260,575,957) |
| Total net position | <u>\$ 380,184,640</u> | <u>\$ 310,690,867</u> |

At the end of the current fiscal year the District reported a negative unrestricted net position of \$218.6 million as a result of an unfunded pension liability. Positive net position was reported in the other two categories. The same situation held true for the prior fiscal year.

The District's financial position is the product of several financial transactions including the net result of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets. The following are significant current year transactions that had an impact on the Statement of Net Position.

- The principal retirement of \$13.0 million of bonds and \$2.0 million of bond premium.
- The principal retirement of \$2.8 million of financed purchases.
- The principal retirement of \$1.7 million of leases and SBITAs.
- The addition of \$46.8 million in capital assets through school improvements and purchases of vehicles, furniture and equipment.
- The depreciation of existing assets resulting in the addition of \$27.3 million in accumulated depreciation.
- The increase of \$91.2 million in pension liabilities and decrease of \$97.3 million in pension deferred inflows of resources.
- The addition of \$3.2 million of financed purchase agreements.
- The addition of \$1.8 million of leases and SBITAs.

Year Ended June 30, 2023**

Government-Wide Financial Analysis

Expenses - Fiscal Year 2023

The following are significant current year transactions that have had an impact on the change in net position.

- State aid revenues increased \$67.2 million due to an increase in state equalization funding due to an increase in the funding formula adopted by the state legislature.
- The increase of \$39.2 million in capital grants and contributions was primarily due to increased COVID-19 federal funding for school improvements.
- The overall increase in expenses of \$96.5 million was due to overall salary and wage increases.

The following table presents the cost of the District's major functional activities. The table also shows each function's net cost (total cost less charges for services generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden that was placed on the State and District's taxpayers by each of these functions.

| Operation of non-instructional services | 38,551,420 | (3,052,709) | 17,975,571 | 10,603,189 |
| Interest on long-term debt | 3,835,592 | (3,167,602) | 3,981,426 | (3,229,241) |
| Total | \$ 614,607,054 | \$ (366,246,095) | \$ 518,090,267 | \$ (307,283,961) |

- The cost of all governmental activities this year was \$614.6 million.
- Federal and State governments and charges for services subsidized certain programs with grants and contributions and other local revenues of \$682.4 million.
- Net cost of governmental activities of \$366.2 million was financed by general revenues, which are made up of primarily property taxes of \$197.3 million and state aid of \$229.0 million. Investment earnings accounted for \$2.7 million of funding.

Financial Analysis of the District's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

The financial performance of the District as a whole is reflected in its governmental funds. As the District completed the year, its governmental funds reported a combined fund balance of \$103.5 million, a decrease of \$10.1 million due primarily to pending federal grant reimbursements outstanding at year end.

Tucson Unified School District No. 1
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

Financial Analysis of The District's Funds

The General Fund comprises 82 percent of the total fund balance. Approximately \$78.0 million, or 92 percent of the General Fund's fund balance is unassigned.

The General Fund is the principal operating fund of the District. The increase in fund balance of \$23.6 million to \$84.5 million as of fiscal year end was a result of an increase in state equalization funding due to an increase in the funding formula adopted by the state legislature. General Fund revenues increased \$31.5 million as a result of an increase in state equalization funding due to an increase in the funding formula adopted by the state legislature. General Fund expenditures increased \$22.3 million as a result of overall salary and wage increases.

The Federal and State Grants Fund's fund balance decreased \$36.2 million to a deficit of \$29.0 million at fiscal year as a result of pending federal grant reimbursements outstanding at year end. The Federal and State Grants Fund revenues increased \$31.1 million and expenditures increased \$65.6 million due to increased COVID-19 federal funding for school improvements.

Proprietary funds. Unrestricted net position of the Internal Service Funds at the end of the fiscal year amounted to \$29.6 million. The increase of \$6.8 million from the prior fiscal year was primarily due to increased employee contributions, fewer claim expenses, and additional investment income.

Budgetary Highlights

Over the course of the year, the District revised the General Fund annual expenditure budget. The difference between the original budget and the final amended budget was a \$539,692 increase, or less than one percent.

Significant variances for the final amended budget and actual revenues resulted from the District not being required by the State of Arizona to prepare a revenue budget. A schedule showing the original and final budget amounts compared to the District's actual financial activity for the General Fund is provided in this report as required supplementary information. The significant favorable variance of \$33.5 million in instruction and \$5.9 million in support services – students and staff was a result of significant personnel turnover.

Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023**

Capital Assets and Debt Administration

Capital Assets. At year end, the District had invested \$1.2 billion in capital assets, including school buildings, athletic facilities, buses and other vehicles, computers, and other equipment. This amount represents a net increase prior to depreciation of \$40.8 million from the prior fiscal year, primarily due to school improvement construction and vehicle purchases. Total depreciation expense for the current fiscal year was \$27.3 million.

The following schedule presents a summary of capital asset balances for the fiscal years ended June 30, 2023 and June 30, 2022.

| | As of June 30, 2023 | As of June 30, 2022 |
|-----------------------------------|------------------------|------------------------|
| Capital assets - non-depreciable | \$ 40,478,897 | \$ 27,763,359 |
| Capital assets - depreciable, net | 596,391,162 | 589,189,821 |
| Total | \$ 636,870,059 | \$ 616,953,180 |

The estimated cost to complete current construction projects is \$148.0 million.

Additional information on the District's capital assets can be found in Note 7.

Debt Administration. At year end, the District had \$106.6 million in long-term debt outstanding, \$16.0 million due within one year. Long-term debt decreased by \$14.5 million.

The District's general obligation bonds are subject to two limits; the Constitutional debt limit (total debt limit) on all general obligation bonds (up to 30 percent of the total net full cash assessed valuation) and the statutory debt limit on Class B bonds (the greater of 20 percent of the net full cash assessed valuation or \$1,500 per student). The current total debt limitation for the District is \$1.4 billion and the Class B debt limit is \$903.4 million, which are more than the District's total outstanding general obligation and Class B debt, respectively.

Additional information on the District's long-term debt can be found in Notes 8 through 12.

Tucson Unified School District No. 1
Management's Discussion and Analysis (MD&A)
Year Ended June 30, 2023

Economic Factors and Next Year's Budget and Rates

Many factors were considered by the District's administration during the process of developing the fiscal year 2023-24 budget. Among them:

- Fiscal year 2022-23 budget balance carry forward (estimated \$24.0 million).
- District student population (estimated 38,669).

Also considered in the development of the budget is the local economy and inflation of the surrounding area.

Budgeted expenditures in the General Fund increased six percent to \$394.9 million in fiscal year 2023-24. Increased payroll and employee benefit costs is the primary reason for the increase. State aid and property taxes are expected to be the primary funding sources. No new programs were added to the 2023-24 budget.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the resources it receives. If you have questions about this report or need additional information, contact the Business and Finance Department, Tucson Unified School District No. 1; 1010 East 10th Street; Tucson, Arizona 85619.

Tucson Unified School District No. 1
Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position
June 30, 2023

Total fund balances - governmental funds **\$ 103,484,512**

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

| | | |
|--|----------------------|-------------|
| Governmental capital assets | \$ 1,162,659,917 | |
| Less accumulated depreciation/amortization | <u>(525,789,858)</u> | |
| | | 636,870,059 |

Some receivables are not available to pay for current period expenditures and, therefore, are reported as unavailable revenues in the funds.

| | | |
|-------------------|-------------------|------------|
| Property taxes | 19,039,223 | |
| Intergovernmental | <u>40,249,380</u> | |
| | | 59,288,603 |

Deferred items related to the refunding of bonds are amortized over the life of the associated bond issue in the government-wide statements but not reported in the funds.

2,326,231

Deferred outflows and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the funds.

| | | |
|--|---------------------|------------|
| Deferred outflows of resources related to pensions | 74,409,875 | |
| Deferred inflows of resources related to pensions | <u>(14,218,341)</u> | |
| | | 60,191,534 |

The Internal Service Fund is used by management to charge the cost of insurance to the individual funds. The assets and liabilities of the Internal Service Fund are included in the Statement of Net Position.

29,575,545

Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.

| | | |
|------------------------------|----------------------|----------------------|
| Compensated absences payable | (2,109,264) | |
| Financed purchases payable | (17,083,990) | |

Tucson Unified School District No. 1
Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2023

Changes in fund balances - total governmental funds **\$ (10,139,423)**

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report the portion of capital outlay for capitalized assets as expenditures. However, in the Statement of Activities, the costs of those assets are allocated over their estimated useful lives and reported as depreciation/amortization expense.

| | | |
|---|---------------------|------------|
| Expenditures for capitalized assets | \$ 46,830,494 | |
| Less current year depreciation/amortization | <u>(27,334,383)</u> | |
| | | 19,496,111 |

Issuance of long-term debt provides current financial resources to governmental funds, but the issuance increases long-term liabilities in the Statement of Net Position.

| | | |
|------------------------------|------------------|-------------|
| Financed purchase agreements | (3,151,959) | |
| SBITAs agreements | (1,359,895) | |
| Lease agreements | <u>(471,914)</u> | |
| | | (4,983,768) |

Some revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

| | | |
|------------------------|-------------------|------------|
| Gain on sale of assets | (1,761,362) | |
| Property taxes | (3,237,226) | |
| Intergovernmental | <u>40,249,380</u> | |
| | | 35,250,792 |

Repayments of long-term debt principal are expenditures in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.

| | | |
|--|-------------------|------------|
| Financed purchase principal retirement | 2,768,885 | |
| Lease principal retirement | 891,616 | |
| SBITAs principal retirement | 841,738 | |
| Bond principal retirement | <u>12,985,000</u> | |
| | | 17,487,239 |

Governmental funds report pension contributions as expenditures. However, they are reported as deferred outflows of resources in the Statement of Net Position. The change in the net pension liability, adjusted for deferred items, is reported as pension expense in the Statement of Activities.

| | | |
|------------------------------------|---------------------|-------------|
| Current year pension contributions | 41,297,758 | |
| Pension expense | <u>(44,433,941)</u> | |
| | | (3,136,183) |

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

| | | |
|---|------------------|-----------|
| Deferred bond items on issuance of refunding debt | (1,068,826) | |
| Loss on disposal of assets | (39,036) | |
| Amortization of deferred bond items | 1,977,903 | |
| Compensated absences | <u>7,027,546</u> | |
| | | 7,897,587 |

The Internal Service Fund is used by management to charge the cost of insurance to the individual funds. The changes in net position of the Internal Service Fund is reported with governmental activities in the Statement of Activities.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

The financial statements of the Tucson Unified School District No. 1 (District) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

During the year ended June 30, 2023, the District implemented the provisions of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements (SBITAs)*. This Statement increases the usefulness of the financial statements by requiring the recognition of certain assets and liabilities for SBITAs. This Statement also requires a government to disclose essential information about the arrangement. Beginning balances of net capital assets and long-term obligations for SBITAs payable reported in the governmental activities have been restated accordingly by \$2,221,166 and \$2,191,916, respectively.

In addition, during the year the District consolidated individual reporting funds that were presented separately in the prior year financial statements. The consolidated funds include the Federal and State Grants Fund, Other Special Revenue Fund, and Other Capital Projects Fund.

The more significant of the District's accounting policies are described below.

A. Reporting Entity

The Governing Board is organized under Section 15-321 of the Arizona Revised Statutes (A.R.S.). Management of the District is independent of other state or local governments. The County Treasurer collects taxes for the District, but exercises no control over its expenditures/expenses.

The membership of the Governing Board consists of five members elected by the public. Under existing statutes, the Governing Board's duties and powers include, but are not limited to, the acquisition, maintenance and disposition of school property; the development and adoption of a school program; and the establishment, organization and operation of schools.

The Board also has broad financial responsibilities, including the approval of the annual budget, and the establishment of a system of accounting and budgetary controls.

The financial reporting entity consists of a primary government and its component units. A component unit is a legally separate entity that must be included in the reporting entity in conformity with generally accepted accounting principles. The District is a primary government because it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Furthermore, component units combined with the District for financial statement presentation purposes, and the District, are not included in any other governmental reporting entity. Consequently, the District's financial statements include only the funds of those organizational entities for which its elected governing board is financially accountable. The District's major operations include education, student transportation, construction and maintenance of District facilities, food services, and athletic functions.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

Blended Component Unit – Blended component units, although legally separate entities, are, in substance, part of the District’s operations.

The Tucson Unified School District No. 1 Employee Benefit Trust is responsible for providing health insurance for the District employees. The District’s Governing Board appoints the Trust’s Board of Directors. The Tucson Unified School District No. 1 Employee Benefit Trust provides services entirely to the District and therefore has been included as an internal service fund in accordance with the criteria established by GASB.

The Tucson Unified School District No. 1 Workers’ Compensation Trust is responsible for providing workers’ compensation insurance to District employees. The District’s Governing Board appoints the Trust’s Board of Directors. The Tucson Unified School District No. 1 Workers’ Trust provides services entirely to the District and therefore has been included as an internal service fund in accordance with the criteria established by GASB.

Separate financial statements for the component unit have not been prepared.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) present financial information about the District as a whole. The reported information includes all of the nonfiduciary activities of the District and its component units. For the most part, the effect of internal activity has been removed from these statements. These statements are to distinguish between the governmental and business-type activities of the District. Governmental activities normally are supported by taxes and intergovernmental revenues, and are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not have any business-type activities or fiduciary activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. The District does not allocate indirect expenses to programs of functions. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes, unrestricted federal and state aid, and other items not included among program revenues are reported instead as general revenues.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. As a general rule, the effect of internal activity has been eliminated from the government-wide financial statements; however, the effects of interfund services provided and used between functions are reported as expenses and program revenues at amounts approximating their external exchange value.

Fund Financial Statements – Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Issuances of long-term debt and acquisitions under lease contracts and subscription-based information technology arrangements are reported as other financing sources.

Property taxes, state aid, tuition and investment income associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Food services and miscellaneous revenues are not susceptible to accrual because generally they are not measurable until received in cash. Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. Unearned revenues arise when resources are received by the District before it has legal claim to them, as when grant monies are received prior to meeting all eligibility requirements imposed by the provider.

Delinquent property taxes and other receivables that will not be collected within the available period have been reported as unavailable revenues on the governmental fund financial statements.

Separate financial statements are presented for governmental funds and proprietary funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the face of the proprietary fund statements.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

The District reports the following major governmental funds:

General Fund – The General Fund is the District’s primary operating fund. It accounts for all resources used to finance District maintenance and operation except those required to be accounted for in other funds. The General Fund includes the District’s Maintenance and Operation Fund and the Unrestricted Capital Outlay Fund, as well as certain activities budgeted in separate funds in accordance with A.R.S. These funds are maintained as separate funds for budgetary purposes but do not meet the criteria for separate reporting in the financial statements.

Federal and State Grants – The Federal and State Grants Fund accounts for financial assistance received for federal and state grants and projects.

Additionally, the District reports the following fund type:

Proprietary Funds – The Proprietary Funds are Internal Service Funds that account for activities related to the District’s self-insurance programs.

The Proprietary Fund financial statements are reported using the economic resources measurement focus and accrual basis of accounting and are presented in a single column.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the District’s internal service funds are charges for health and welfare benefits and charges to District departments for goods and services. Operating expenses for internal service funds include the cost of goods and services, administrative expenses, and depreciation/amortization on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Cash and Investments

For purposes of the Statement of Cash Flows, the District considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents at year end were cash in bank, certificates of deposit, and cash and investments held by the County Treasurer.

A.R.S. require the District to deposit all cash with the County Treasurer, except as discussed below. Cash with the County Treasurer is pooled for investment purposes, except for cash of the Debt Service and Bond Building Funds that may be invested separately. Interest earned from investments purchased with pooled monies is allocated to each of the District’s funds based on their average balances. As required by statute, interest earnings of the Bond Building Fund are recorded initially in that fund, but then transferred to the Debt Service Fund. All investments are stated at fair value.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

Statute authorizes the District to separately invest monies of the Bond Building and Debt Service Funds in the State Treasurer's investment pools; obligations issued and guaranteed by the United States or any of its agencies or instrumentalities; specified state and local government bonds and notes; and interest bearing savings accounts or certificates of deposit.

Statute authorizes the District to deposit monies of the Auxiliary Operations and Student Activities Funds in bank accounts. Monies in these funds may also be invested. In addition, statute authorizes the District to maintain various bank accounts such as clearing accounts to temporarily deposit receipts before they are transmitted to the County Treasurer; revolving accounts to pay minor disbursements; and withholdings accounts for taxes and employee insurance programs. Some of these bank accounts may be interest bearing.

Statute does not include any requirements for credit risk, concentration of credit risk, interest rate risk, or foreign currency risk. Arizona statute requires a pooled collateral program for public deposits and a Statewide Collateral Pool Administrator (Administrator) in the State Treasurer's Office. The purpose of the pooled collateral program is to ensure that governmental entities' public deposits placed in participating depositories are secured with collateral of 102 percent of the public deposits, less any applicable federal depository insurance. An eligible depository may not retain or accept any public deposit unless it has deposited the required collateral with a qualified escrow agent or the Administrator. The Administrator manages the pooled collateral program, including reporting on each depository's compliance with the program.

E. Investment Income

Investment income is composed of interest, dividends, and net changes in the fair value of applicable investments. Investment income is included in other local revenue in the governmental fund financial statements and in nonoperating revenues in the proprietary fund financial statements.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

F. Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.” Interfund balances between governmental funds are eliminated on the Statement of Net Position.

All receivables, including property taxes receivable, are shown net of an allowance for uncollectibles.

G. Property Tax Calendar

The County Treasurer is responsible for collecting property taxes for all governmental entities within the county. The county levies real and personal property taxes on or before the third Monday in August that become due and payable in two equal installments. The first installment is due on the first day of October and becomes delinquent after the first business day of November. The second installment is due on the first day of March of the next year and becomes delinquent after the first business day of May.

Pursuant to A.R.S., a lien against assessed real and personal property attaches on the first day of January preceding assessment and levy; however according to case law, an enforceable legal claim to the asset does not arise.

H. Inventory

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories consist of expendable supplies held for consumption. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased.

The United States Department of Agriculture (USDA) commodity portion of the food services inventory consists of food donated by the USDA. It is valued at estimated market prices paid by the USDA.

I. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

J. Capital Assets

Capital assets, which include land and improvements; buildings and improvements; vehicles, furniture, and equipment; construction in progress; and intangible right-to-use assets, are reported in the government-wide financial statements.

Capital assets are defined by the District as assets with an initial, individual cost in excess of \$5,000 and an estimated useful life of more than one year. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Capital assets are depreciated using the straight-line method over the estimated useful life of the asset. Intangible right-to-use assets are amortized over the shorter of the lease/subscription term or the underlying asset's useful life. The estimated useful lives and amortization periods are as follows:

| | |
|-----------------------------------|---------------|
| Land improvements | 10 – 25 years |
| Buildings and improvements | 5 – 80 years |
| Vehicles, furniture and equipment | 3 – 25 years |
| Intangible right-to-use assets | 2 – 9 years |

K. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position may report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

L. Compensated Absences

The District's employee vacation and sick leave policies generally provide for granting vacation and sick leave with pay in varying amounts. Only benefits considered vested are recognized in the financial statements. The liability for vacation and sick leave is reported in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee leave, resignations and retirements. Generally, resources from the General Fund are used to pay for compensated absences.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

M. Leases

As lessee, the District recognizes lease liabilities with an initial, individual value of \$5,000 or more. The District uses its estimated incremental borrowing rate to measure lease liabilities unless it can readily determine the interest rate implicit in the lease. The District's estimated incremental borrowing rate is based on the Arizona's General Accounting Office lease template, which identifies what rates to use if the explicit rate and implicit rate are unknown.

As lessor, the District recognizes lease receivables with an initial, individual value of \$5,000 or more. If there is no stated rate in the lease contract (or if the stated rate is not the rate the District charges the lessee) and the implicit rate cannot be determined, the District uses its own estimated incremental borrowing rate as the discount rate to measure lease receivables. The District's estimated incremental borrowing rate is calculated using the Arizona's General Accounting Office lease template, which identifies what rates to use if the explicit rate and implicit rate are unknown. These rates are based on the number of years remaining in the lease term as of July 1, 2022.

N. Subscription-Based Information Technology Arrangements (SBITAs)

As an end user of subscription-based technology, the District recognizes SBITA obligations with an initial, individual value of \$5,000 or more. The District uses its estimated incremental borrowing rate to measure SBITA obligations unless it can readily determine the interest rate implicit in the SBITA contract. The District's estimated incremental borrowing rate is based on the Arizona's General Accounting Office lease template, which identifies what rates to use if the explicit rate and implicit rate are unknown. These rates are based on the number of years remaining in the lease term as of July 1, 2022.

O. Pensions

For purposes of measuring the net pension liability, related deferred outflows of resources and deferred inflows of resources, and pension expense, information about the pension plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 1 – Summary of Significant Accounting Policies

P. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities on the statement of net position. Bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Deferred amounts on refunding result from the difference between the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Q. Interfund Activity

Flows of cash from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers between governmental funds are eliminated in the Statement of Activities. Interfund transfers in the fund financial statements are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds.

R. Net Position Flow Assumption

In the government-wide and proprietary fund financial statements the District applies restricted resources first when outlays are incurred for purposes for which either restricted or unrestricted amounts are available.

S. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 2 – Fund Balance Classifications

Fund balances of the governmental funds are reported separately within classifications based on a hierarchy of the constraints placed on the use of those resources. The classifications are based on the relative strength of the constraints that control how the specific amounts can be spent. The classifications are nonspendable, restricted, and unrestricted, which includes committed, assigned, and unassigned fund balance classifications.

Nonspendable. The nonspendable fund balance classification includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact.

Restricted. Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation.

Committed. The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action of the Governing Board through a resolution approved at a Board meeting. Those committed amounts cannot be used for any other purpose unless the Governing Board removes or changes the specified use by taking the same action.

Assigned. Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Governing Board or a management official delegated that authority by the formal Governing Board action.

Unassigned. Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The District applies restricted resources first when outlays are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 2 – Fund Balance Classifications

The table below provides detail of the major components of the District’s fund balance classifications at year end.

| | General | Federal and State Grants | Non-Major Governmental Funds |
|--|-----------------------------|-----------------------------|------------------------------------|
| | <u> </u> | <u> </u> | <u> </u> |
| Fund Balances: | | | |
| Nonspendable: | | | |
| Inventory | \$ 1,689,829 | \$ | \$ 2,015,554 |
| Restricted: | | | |
| Debt service | | | 11,253,118 |
| Capital projects | 4,833,754 | | 2,854,022 |
| Voter approved initiatives - instructional purposes | | | 16,857,933 |
| Food service | | | 5,295,675 |
| Civic center | | | 4,270,103 |
| Community schools | | | 355,560 |
| Extracurricular activities | | | 7,669,332 |
| Student activities | | | 1,960,812 |
| Other purposes | | | 294,069 |
| Unassigned | <u>77,975,549</u> | <u>(28,999,556)</u> | <u>(4,841,242)</u> |
| Total fund balances | <u>\$ 84,499,132</u> | <u>\$ (28,999,556)</u> | <u>\$ 47,984,936</u> |

Note 3 – Stewardship, Compliance and Accountability

Individual Deficit Fund Balances – At year end, the Federal and State Grants Fund and Other Capital Projects Fund, a non-major governmental fund, reported deficits of \$28,999,556 and \$4,841,242 in fund balance, respectively. The deficits arose because of operations during the year and because of pending grant reimbursements. Additional revenues received in fiscal year 2023-24 are expected to eliminate the deficits.

Excess Expenditures Over Budget – At year end, the District had expenditures in funds that exceeded the budgets, however, this does not constitute a violation of any legal provisions.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 4 – Cash and Investments

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of bank failure the District's deposits may not be returned to the District. The District does not have a deposit policy for custodial credit risk. At year end, the carrying amount of the District's deposits was \$32.3 million, including \$1.3 million of cash held with the trustee, and the bank balance was \$33.5 million. At year end, \$19.8 million was covered by collateral held by the pledging financial institution's trust department or agent but not in the District's name, and \$520,668 was uninsured and uncollateralized.

Fair Value Measurements. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

- Level 1 inputs are quoted prices in active markets for identical assets
- Level 2 inputs are significant other observable inputs
- Level 3 inputs are significant unobservable inputs

Valuation Techniques. Money markets classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using matrix pricing techniques. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

The State Treasurer's pools are external investment pools, the Local Government Investment Pool (Pool 5) and Local Government Investment Pool-Government (Pool 7), with no regulatory oversight. The pools as an investment company are not registered with the Securities and Exchange Commission. The activity and performance of the pools are reviewed monthly by the State Board of Investment. The fair value of each participant's position in the State Treasurer investment pools approximates the value of the participant's shares in the pool and the participants' shares are not identified with specific investments. Participants in the pool are not required to categorize the value of shares in accordance with the fair value hierarchy.

The County Treasurer's pool is an external investment pool with no regulatory oversight. The pool is not required to register (and is not registered) with the Securities and Exchange Commission. The fair value of each participants' position in the County Treasurer investment pool approximates the value of the participants' shares in the pool and the participants' shares are not identified with specific investments. Participants in the pool are not required to categorize the value of shares in accordance with the fair value hierarchy.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 4 – Cash and Investments

All investments in which the fair value hierarchy is applicable are measured at fair value on a recurring basis. At year end, the District’s investments consisted of the following:

| Investment Type | Category | Fair Value | Investment Maturities (in Years) | |
|-------------------------------------|----------------|----------------------|----------------------------------|---------------------|
| | | | Less than 1 | 1-5 |
| Money market | Level 1 | \$ 3,423,453 | \$ 3,423,453 | \$ |
| Certificates of deposit | Level 2 | 4,533,369 | 1,418,487 | 3,114,882 |
| | | | <u>\$ 4,841,940</u> | <u>\$ 3,114,882</u> |
| County Treasurer’s investment pool | Not applicable | 14,960,795 | 305 days average maturities | |
| State Treasurer’s investment pool 7 | Not applicable | 443,812 | 37 days average maturities | |
| Total | | <u>\$ 23,361,429</u> | | |

Interest Rate Risk. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. The District has no investment policy that would further limit its investment choices. As of year end, the District’s investment in the County Treasurer’s investment pool did not receive a credit quality rating from a national rating agency. The State Treasurer’s Local Government Investment Pool 7 was rated AAA by Moody’s at year end.

Custodial Credit Risk - Investments. The District’s investment in the State and County Treasurer’s investment pool(s) represents a proportionate interest in the pool’s portfolio; however, the District’s portion is not identified with specific investments and is not subject to custodial credit risk.

Concentration of Credit Risk. The District places no limit on the amount the District may invest in any one issuer. At year end, the District did not hold investments in any one issuer that represented 5 percent or more of the District’s total investments.

Notes to Financial Statements
June 30, 2023

Note 5 – Receivables

Receivable balances, net of allowance for uncollectibles, have been disaggregated by type and presented separately in the financial statements with the exception of due from governmental entities. Due from governmental entities, net of allowance for uncollectibles, as of year end for the District’s individual major funds and non-major governmental, and internal service funds in the aggregate were as follows:

| | General | Federal and State Grants | Non-Major Governmental Funds |
|---------------------------------------|-----------------------------|-----------------------------|------------------------------------|
| | <u> </u> | <u> </u> | <u> </u> |
| Due from other governmental entities: | | | |
| Due from federal government | \$ 204,274 | \$ 105,163,734 | \$ 739,307 |
| Due from state government | 39,093,458 | 94,646 | 7,967,709 |
| Due from other districts | 33,000 | | 586,497 |
| Net due from governmental entities | <u>\$ 39,330,732</u> | <u>\$ 105,258,380</u> | <u>\$ 9,293,513</u> |

Note 6 – Leases Receivable

The District acts as a lessor in several cell phone tower agreements, building rentals, and land rentals, under the provisions of contracts classified as leases. The related receivables under the lease agreements have been recorded at the present value of their future minimum lease payments as of the inception date. Lease revenue of \$790,410 and related interest revenue of \$158,556 are recorded as other local revenue in the Other Special Revenue Fund, a non-major governmental fund.

Future minimum lease payments to be received under the leases agreements at year end are summarized as follows:

| | |
|----------------------|----------------------|
| Year Ending June 30: | |
| 2024 | \$ 891,354 |
| 2025 | 875,398 |
| 2026 | 897,913 |
| 2027 | 933,322 |
| 2028 | 947,718 |
| 2029-33 | 4,065,958 |
| 2034-38 | 2,281,381 |
| 2039-43 | 1,075,092 |
| 2044-48 | 759,198 |
| 2049-52 | 185,752 |
| Total | <u>\$ 12,913,086</u> |

Depreciation and amortization expense were charged to governmental functions as follows:

| | |
|--|----------------------|
| Instruction | \$ 22,236,413 |
| Support services – students and staff | 171,448 |
| Support services – administration | 1,521,851 |
| Operation and maintenance of plant services | 645,855 |
| Student transportation services | 2,611,687 |
| Operation of non-instructional services | <u>147,129</u> |
| Total depreciation expense – governmental activities | <u>\$ 27,334,383</u> |

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 7 – Capital Assets

Construction Commitments – At year end, the District had contractual commitments related to various capital projects for the construction of various land and building improvements. At year end the District had spent \$25.4 million on the projects and had estimated remaining contractual commitments of \$148.0 million. These projects are being funded with School Facilities Oversight Board funding, federal and state grants, other special and capital project funds, and the General Fund.

Note 8 – Financed Purchases Payable

The District has acquired building improvements, vehicles, and equipment under the provisions of contracts classified as financed purchases payables. Revenues from the General Fund, as well as the Food Service Fund and Other Capital Project Fund, both non-major governmental funds, are used to pay the debt obligations. Revenues from the General Fund are transferred to the Other Capital Projects Fund, a non-major governmental fund, to pay the debt obligations when due. The District receives a federal interest subsidy to fund the interest payments for the District-wide energy project.

Annual debt service requirements to maturity on financed purchases payable at year end are summarized as follows:

| Year ending June 30: | Governmental Activities | |
|----------------------|-------------------------|--------------|
| | Principal | Interest |
| 2024 | \$ 2,660,975 | \$ 726,152 |
| 2025 | 2,746,546 | 609,341 |
| 2026 | 2,868,233 | 487,654 |
| 2027 | 2,995,315 | 360,572 |
| 2028 | 3,128,028 | 227,859 |
| 2029 | 2,684,893 | 89,265 |
| Total | \$ 17,083,990 | \$ 2,500,843 |

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 9 – Leases Payable

The District has acquired building improvements, vehicles, and equipment under the provisions of contracts classified as leases. The related obligations under the lease agreements have been recorded at the present value of their future minimum lease payments as of the inception date. Revenues from the General Fund, Federal and State Grants Fund, and Food Service and Other Special Revenue Funds, both non-major governmental funds, are used to pay the lease obligations. Amortization of right-to-use assets recorded under leases is included with depreciation expense.

The net present value and future minimum lease payments at year end were as follows:

| Year ending June 30: | Governmental Activities | |
|----------------------|-------------------------|------------------|
| | Principal | Interest |
| 2024 | \$ 890,089 | \$ 29,492 |
| 2025 | 898,486 | 19,842 |
| 2026 | 737,652 | 9,996 |
| 2027 | 468,212 | 4,195 |
| 2028 | 30,666 | 1,060 |
| Total | <u>\$ 3,025,105</u> | <u>\$ 64,585</u> |

The right-to-use assets recorded under leases that meet the District’s capitalization threshold are as follows:

| | Governmental Activities |
|-----------------------------------|----------------------------|
| Asset: | |
| Building improvements | \$ 2,405,834 |
| Vehicles, furniture and equipment | 2,288,603 |
| Less: Accumulated amortization | <u>(1,692,972)</u> |
| Total | <u>\$ 3,001,465</u> |

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 10 – Subscription-Based Information Technology Arrangements (SBITAs)

The District has entered into subscription-based information technology arrangements (SBITAs) for various subscriptions. The related obligations under the SBITAs have been recorded at the present value of their future minimum lease payments as of the inception date. Revenues from the General Fund are used to pay the lease obligations. Amortization of right-to-use assets recorded under SBITAs is included with depreciation expense.

The net present value and future minimum SBITA payments at year end were as follows:

| Year ending June 30: | Governmental Activities | |
|----------------------|----------------------------|-------------------------|
| | Principal | Interest |
| 2024 | \$ 892,235 | \$ 32,551 |
| 2025 | 707,030 | 19,764 |
| 2026 | 744,612 | 12,112 |
| 2027 | 366,196 | 4,304 |
| Total | <u>\$ 2,710,073</u> | <u>\$ 68,731</u> |

The total value of assets recorded under SBITAs that meet the District’s capitalization threshold is \$3,629,011, less accumulated amortization of \$826,163.

Note 11 – General Obligation Bonds Payable

Bonds payable at year end consisted of the following outstanding general obligation bonds. The bonds are both callable and noncallable with interest payable semiannually. Property taxes from the Debt Service Fund, a non-major governmental fund, are used to pay bonded debt. The District’s legal debt limit is \$1.4 billion and the available margin is \$1.3 billion.

| Purpose | Original Amount Issued | Interest Rates | Remaining Maturities | Outstanding Principal June 30, 2023 | Due Within One Year |
|---|------------------------------|-------------------|-------------------------|---|-----------------------------|
| Governmental activities: | | | | | |
| Refunding Bonds, Series 2011 (nontaxable) | \$ 28,115,000 | 4.00-5.00% | 7/1/23-24 | \$ 1,045,000 | \$ 1,045,000 |
| Refunding Bonds, Series 2016 | 63,000,000 | 3.00-5.00% | 7/1/23-27 | 37,610,000 | 6,070,000 |
| Refunding Bonds, Series 2017 (2020 Crossover) | 43,520,000 | 3.00-5.00% | 7/1/23-30 | <u>36,700,000</u> | <u>4,415,000</u> |
| Total | | | | <u>\$ 75,355,000</u> | <u>\$ 11,530,000</u> |

Note 11 – General Obligation Bonds Payable

Annual debt service requirements to maturity on general obligation bonds at year end are summarized as follows:

| Year ending June 30: | Governmental Activities | |
|----------------------|-------------------------|----------------------|
| | Principal | Interest |
| 2024 | \$ 11,530,000 | \$ 3,329,900 |
| 2025 | 14,965,000 | 2,763,850 |
| 2026 | 16,325,000 | 2,015,600 |
| 2027 | 15,155,000 | 1,199,350 |
| 2028 | 5,530,000 | 639,600 |
| 2029-30 | 11,850,000 | 553,100 |
| Total | <u>\$ 75,355,000</u> | <u>\$ 10,501,400</u> |

Note 12 – Changes in Long-Term Liabilities

Long-term liability activity for the current fiscal year was as follows:

| | Beginning Balance, as restated | Additions | Reductions | Ending Balance | Due Within One Year |
|---------------------------------|--------------------------------------|----------------------|----------------------|-----------------------|------------------------|
| Governmental activities: | | | | | |
| Bonds payable: | | | | | |
| General obligation bonds | \$ 88,340,000 | \$ | \$ 12,985,000 | \$ 75,355,000 | \$ 11,530,000 |
| Premium | <u>10,440,018</u> | | <u>1,977,903</u> | <u>8,462,115</u> | |
| Total bonds payable | <u>98,780,018</u> | | <u>14,962,903</u> | <u>83,817,115</u> | <u>11,530,000</u> |
| Financed purchases payable | 16,700,916 | 3,151,959 | 2,768,885 | 17,083,990 | 2,660,975 |
| Leases payable | 3,444,807 | 471,914 | 891,616 | 3,025,105 | 890,089 |
| SBITAs payable | 2,191,916 | 1,359,895 | 841,738 | 2,710,073 | 892,235 |
| Net pension liability | 311,600,629 | 91,205,668 | | 402,806,297 | |
| Compensated absences payable | <u>9,136,810</u> | <u>527,339</u> | <u>7,554,885</u> | <u>2,109,264</u> | <u>351,199</u> |
| Total long-term liabilities | <u>\$ 441,855,096</u> | <u>\$ 96,716,775</u> | <u>\$ 27,020,027</u> | <u>\$ 511,551,844</u> | <u>\$ 16,324,498</u> |

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 13 – Interfund Receivables, Payables, and Transfers

At year end, interfund balances were as follows:

Due to/from other funds:

| | General | Non-Major Governmental Funds | Total Due to Other Funds |
|------------------------------|----------------------|------------------------------------|-----------------------------|
| General | \$ | \$ | \$ |
| Federal and State Grants | 65,071,758 | 22,396,083 | 87,467,841 |
| Non-Major Governmental Funds | <u>1,000,000</u> | <u>1,641,913</u> | <u>1,641,913</u> |
| Total Due from Other Funds | <u>\$ 65,071,758</u> | <u>\$ 24,037,996</u> | <u>\$ 89,109,754</u> |

At year end, two funds had negative cash balances in the Treasurer’s pooled cash accounts. Negative cash on deposit with the County Treasurer was reduced by interfund borrowing with other funds. All interfund balances are expected to be paid within one year.

Interfund transfers:

| | Transfers in | | |
|------------------------------|---------------------|---------------------|---------------------|
| | Non-Major | | |
| | Governmental | | |
| Transfers out | General | Funds | Total |
| General | \$ | \$ 2,170,384 | \$ 2,170,384 |
| Federal and State Grants | 3,733,729 | | 3,733,729 |
| Non-Major Governmental Funds | <u>1,000,000</u> | | <u>1,000,000</u> |
| Total | <u>\$ 4,733,729</u> | <u>\$ 2,170,384</u> | <u>\$ 6,904,113</u> |

Transfers between funds were used to (1) to move federal grant funds of \$4,733,729 restricted for indirect costs, and (2) to transfer funds from the General Fund of \$2,170,384 to the Other Capital Projects Fund, a non-major governmental fund, for the debt service on energy efficiency projects.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 14 – Contingent Liabilities

Compliance – Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures/expenses that may be disallowed by the grantor cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

Intergovernmental Agreement – The District and Pima County (County) are involved in litigation with the State of Arizona related to state aid not paid to the District. In May 2020, the District entered into an Intergovernmental Agreement (IGA) with the County for the investment of County funds in District warrants registered for properly budgeted expenses. The IGA extends County funds to the District should the District experience cash shortfalls as a result of the loss of the state aid. As of June 30, 2023, the District has not utilized the IGA to cover cash shortfalls.

Note 15 – Prior Period Adjustments

The July 1, 2022, government-wide net position and the fund balance of the Instructional Improvement Fund, a non-major governmental fund, do not agree to the prior year financial statements due to the recognition of assets and payables for the implementation of GASB Statement No. 96. *Subscription-Based Information Technology Arrangements (SBITAs)* and correction of prior year revenue recognition.

| | Statement of Activities | Non-Major Governmental Funds <u>Instructional Improvement</u> |
|---|----------------------------|--|
| Net Position/fund balance, June 30, 2022 as previously reported | \$ 310,690,867 | \$ 426,553 |
| Recognition of assets for SBITAs | 2,221,166 | |
| Recognition of payables for SBITAs | (2,191,916) | |
| Prior year recognition of revenue | <u>764,507</u> | <u>764,507</u> |
| Net Position/fund balance, July 1, 2022, as restated | <u>\$ 311,484,624</u> | <u>\$ 1,191,060</u> |

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 16 – Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The District was unable to obtain general property and liability insurance at a cost it considered to be economically justifiable. Therefore, the District joined the Arizona School Risk Retention Trust, Inc. (ASRRT). ASRRT is a public entity risk pool currently operating as a common risk management and insurance program for school districts and community colleges in the State. The District pays an annual premium to ASRRT for its general insurance coverage. The agreement provides that ASRRT will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of specified amounts.

The District established an Employee Benefit Trust Fund (an Internal Service Fund) to account for and finance its uninsured risks of loss related to employee health claims. Under this program, the Fund provides coverage for up to a maximum of \$1,000,000 for each claim. The Fund purchases commercial insurance for claims in excess of this coverage. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District established the Workers' Compensation Trust (an Internal Service Fund) to account for and finance its uninsured risks of loss related to employee work related accidents. However, effective July 1, 2014, the District joined the Arizona School Alliance for Workers' Compensation, Inc. (Alliance) together with other school districts in the state for risks of loss related to workers' compensation claims. The Alliance is a public entity risk pool currently operating as a common risk management and insurance program for school districts in the State. The District pays quarterly premiums to the Alliance for its employee workers' compensation coverage. The agreement provides that the Alliance will be self-sustaining through members' premiums and will reinsure through commercial companies for claims in excess of specified amounts for each insured event. The District will continue to operate the Workers' Compensation Trust for claims that were incurred in prior reporting periods, until all outstanding claims have been settled.

Liabilities of the fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNRs). The result of the process to estimate the claims liability is not an exact amount as it depends on many complex factors, such as inflation, changes in legal doctrines, and damage awards. Accordingly, claims are reevaluated periodically to consider the effects of inflation, recent claim settlement trends (including frequency and amount of pay-outs), and other economic and social factors. The estimate of the claims liability also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of whether allocated to specific claims. Estimated recoveries, for example from salvage or subrogation, are another component of the claims liability estimate.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 16 – Risk Management

Changes in the balances of claims liabilities during the past two years are as follows:

| | Claims Payable at Beginning of Year | Current Year Claims and Changes in Estimates | Claim Payments | Claims Payable at End of Year |
|--------------------------------|--|---|-------------------|-------------------------------------|
| <u>Employee Benefits Trust</u> | | | | |
| 2022-23 | \$ 3,893,186 | \$ 31,668,688 | \$ 32,078,732 | \$ 3,483,142 |
| 2021-22 | 4,475,730 | 32,728,400 | 33,310,944 | 3,893,186 |
| <u>Workers' Compensation</u> | | | | |
| 2022-23 | 2,315,709 | 308,377 | 349,012 | 2,275,074 |
| 2021-22 | 1,718,831 | 2,403,836 | 1,806,958 | 2,315,709 |
| <u>Total</u> | | | | |
| 2022-23 | 6,208,895 | 31,977,065 | 32,427,744 | 5,758,216 |
| 2021-22 | 6,194,561 | 35,132,236 | 35,117,902 | 6,208,895 |

The District continues to carry commercial insurance for all other risks of loss, including vision. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 17 – Pensions

Plan Description. District employees participate in the Arizona State Retirement System (ASRS). The ASRS administers a cost-sharing multiple-employer defined benefit pension plan, a cost-sharing multiple-employer defined benefit health insurance premium benefit (OPEB) plan, and a cost-sharing multiple-employer defined benefit long-term disability (OPEB) plan. The Arizona State Retirement System Board governs the ASRS according to the provisions of A.R.S. Title 38, Chapter 5, Articles 2 and 2.1. ASRS is a component unit of the State of Arizona. The ASRS issues a publicly available financial report that includes its financial statements and required supplementary information. The report is available on the ASRS website at www.azasrs.gov.

The ASRS OPEB plans are not further disclosed because of their relative insignificance to the District's financial statements.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 17 – Pensions

Benefits Provided. The ASRS provides retirement, health insurance premium supplement, long-term disability, and survivor benefits. State statute establishes benefit terms. Retirement benefits are calculated on the basis of age, average monthly compensation, and service credit as follows:

| | Retirement Initial Membership Date: | |
|--|---|---|
| | Before July 1, 2011 | On or After July 1, 2011 |
| Years of service and age required to receive benefit | Sum of years and age equals 80 10 years, age 62 5 years, age 50* Any years, age 65 | 30 years, age 55 25 years, age 60 10 years, age 62 5 years, age 50* Any years, age 65 |
| Final average salary is based on | Highest 36 months of last 120 months | Highest 60 months of last 120 months |
| Benefit percent per year of service | 2.1% to 2.3% | 2.1% to 2.3% |

*With actuarially reduced benefits

Retirement benefits for members who joined the ASRS prior to September 13, 2013, are subject to automatic cost-of-living adjustments based on excess investment earnings. Members with a membership date on or after September 13, 2013, are not eligible for cost-of-living adjustments. Survivor benefits are payable upon a member’s death. For retired members, the survivor benefit is determined by the retirement benefit option chosen. For all other members, the beneficiary is entitled to the member’s account balance that includes the member’s contributions and employer’s contributions, plus interest earned.

Contributions. In accordance with state statutes, annual actuarial valuations determine active member and employer contribution requirements. The combined active member and employer contribution rates are expected to finance the costs of benefits employees earn during the year, with an additional amount to finance any unfunded accrued liability. For the current fiscal year, active ASRS members were required by statute to contribute at the actuarially determined rate of 12.17 percent (12.03 percent for retirement and 0.14 percent for long-term disability) of the members’ annual covered payroll, and the District was required by statute to contribute at the actuarially determined rate of 12.17 percent (11.92 percent for retirement, 0.11 percent for health insurance premium benefit, and 0.14 percent for long-term disability) of the active members’ annual covered payroll. The District’s contributions to the pension plan for the year ended June 30, 2023 were \$41.3 million.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 17 – Pensions

Employers are also required to pay an Alternate Contribution Rate (ACR), for retired members who return to work in positions that would typically be filled by an employee who contributes to ASRS. The District was required by statute to contribute at the actuarially determined rate of 9.68 percent (9.62 for retirement and 0.06 percent for long-term disability). ACR contributions are included in employer contributions presented above.

The District’s pension plan contributions are paid by the same funds as the employee’s salary, with the largest component coming from the General Fund.

Pension Liability. The net pension liability was measured as of June 30, 2022. The total liability used to calculate the net liability was determined using update procedures to roll forward the total liability from an actuarial valuation as of June 30, 2021, to the measurement date of June 30, 2022. The District’s proportion of the net liability was based on the District’s actual contributions to the applicable plan relative to the total of all participating employers’ contributions to the plan for the year ended June 30, 2022.

At June 30, 2023, the District reported the following amounts for its proportionate share of the pension plan net liability. In addition, at June 30, 2022, the District’s percentage proportion for the plan and the related change from its proportion measured as of June 30, 2021 was:

| Net Liability | District % Proportion | Increase (Decrease) |
|------------------|--------------------------|------------------------|
| \$ 402,806,297 | 2.468 | 0.096 |

Pension Expense and Deferred Outflows/Inflows of Resources. The District has deferred outflows and inflows of resources related to the net pension liability. Certain changes in the net pension liability are recognized as pension expense over a period of time rather than the year of occurrence. The District’s pension expense for the year ended June 30, 2023 was \$44.4 million.

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 17 – Pensions

The District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|--------------------------------------|-------------------------------------|
| Differences between expected and actual experience | \$ 3,432,149 | \$ |
| Changes of assumptions or other inputs | 19,992,055 | |
| Net difference between projected and actual earnings on pension investments | | 10,610,307 |
| Changes in proportion and differences between contributions and proportionate share of contributions | 9,687,913 | 3,608,034 |
| Contributions subsequent to the measurement date | 41,297,758 | |
| Total | \$ 74,409,875 | \$ 14,218,341 |

The amounts of deferred outflows of resources resulting from contributions subsequent to the measurement date as reported in the table above will be recognized as an adjustment of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year Ending June 30: | |
|----------------------|---------------|
| 2024 | \$ 20,570,765 |
| 2025 | (237,298) |
| 2026 | (18,421,988) |
| 2027 | 16,982,297 |

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 17 – Pensions

Actuarial Assumptions. The significant actuarial assumptions used to measure the total pension liability are as follows:

| | |
|-----------------------------|---------------------|
| Actuarial valuation date | June 30, 2021 |
| Actuarial roll forward date | June 30, 2022 |
| Actuarial cost method | Entry age normal |
| Investment rate of return | 7.0% |
| Inflation | 2.3% |
| Projected salary increases | 2.9-8.4% |
| Permanent base increases | Included |
| Mortality rates | 2017 SRA Scale U-MP |

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the five-year period ended June 30, 2020. The purpose of the experience study was to review actual experience in relation to the actuarial assumptions in effect. The ASRS Board adopted the experience study recommended changes which were applied to the June 30, 2020, actuarial valuation.

The long-term expected rate of return on ASRS plan investments was determined to be 7.0 percent using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, excluding any expected inflation.

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

| Asset Class | Target Allocation | Long-Term Expected Geometric Real Rate of Return |
|-------------------------------|-------------------|--|
| Equity | 50% | 3.90% |
| Credit | 20 | 5.30 |
| Interest rate sensitive bonds | 10 | (0.20) |
| Real estate | 20 | 6.00 |
| Total | 100% | |

Tucson Unified School District No. 1
Notes to Financial Statements
June 30, 2023

Note 17 – Pensions

Discount Rate. The discount rate used to measure the total pension liability was 7.0 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers will be made based on the actuarially determined rates based on the ASRS Board’s funding policy, which establishes the contractually required rate under Arizona statute. Based on those assumptions, the plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the District’s proportionate share of the net pension liability calculated using the discount rate of 7.0 percent, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

| | 1% Decrease | Current Discount Rate | 1% Increase |
|---------------|----------------|--------------------------|----------------|
| Rate | 6.0% | 7.0% | 8.0% |
| Net liability | \$ 594,328,718 | \$ 402,806,297 | \$ 243,106,522 |

Contributions payable. The District’s accrued payroll and employee benefits included \$1.4 million of outstanding pension contribution amounts payable to ASRS for the year ended June 30, 2023.

Pension Plan Fiduciary Net Position. Detailed information about the pension plan’s fiduciary net position is available in the separately issued ASRS financial report. The report is available on the ASRS website at www.azasrs.gov.

Tucson Unified School District No. 1
Notes to Required Supplementary Information
June 30, 2023

Note 1 – Budgetary Basis of Accounting

The District budget is prepared on a basis consistent with accounting principles generally accepted in the United States of America, except for the following items.

- Certain activities reported in the General Fund are budgeted in separate funds in accordance with Arizona Revised Statutes.
- Present value of net minimum SBITA payable payments is not budgeted at the inception of the agreement.
- Employee insurance expenditures are budgeted in the year the employee insurance account is funded.

The following schedule reconciles expenditures and fund balances at the end of year:

| | Total | Fund |
|--|-----------------------------|----------------------|
| | Expenditures | Balances |
| | <u> </u> | <u>End of Year</u> |
| Statement of Revenues, Expenditures and Changes in | | |
| Fund Balances - Governmental Funds | \$ 372,648,754 | \$ 84,499,132 |
| Activity budgeted as special revenue funds | (9,923,609) | (31,942,215) |
| Activity budgeted as capital projects funds | (31,094,472) | (5,617,045) |
| SBITA agreements | (1,359,895) | |
| Employee insurance account | <u>4,075,598</u> | <u>(7,202,092)</u> |
| Schedule of Revenue, Expenditures and Changes in | | |
| Fund Balances – Budget and Actual - General Fund | <u>\$ 334,346,376</u> | <u>\$ 39,737,780</u> |

Note 2 – Pension Plan Schedules

Actuarial Assumptions for Valuations Performed. The information presented in the required supplementary schedules was determined as part of the actuarial valuations at the dates indicated, which is the most recent actuarial valuation. The actuarial assumptions used are disclosed in the notes to the financial statements.

Factors that Affect Trends. The actuarial assumptions used in the June 30, 2021, valuation were based on the results of an actuarial experience study for the five-year period ended June 30, 2020. The purpose of the experience study was to review actual experience in relation to the actuarial assumptions in effect. The ASRS Board adopted the experience study recommended changes which were applied to the June 30, 2020, actuarial valuation.

**Combining and Individual
Fund Financial Statements and Schedules**

(This page intentionally left blank)

Governmental Funds

(This page intentionally left blank)

Non-Major Governmental Funds

Special Revenue Funds

Classroom Site – to account for the financial activity for the portion of state sales tax collections and permanent state school fund earnings as approved by the voters in 2000.

Instructional Improvement – to account for the activity of monies received from gaming revenue.

Food Service – to account for the financial activity of school activities that have as their purpose the preparation and serving of regular and incidental meals and snacks in connection with school functions.

Other Special Revenue Funds – to account for the revenues and expenditures of other special revenue activities, including the following: civic center, community school, extracurricular activities fees tax credit, and student activities.

Debt Service Fund

Debt Service – to account for the accumulation of resources for, and the payment of, long-term debt principal, interest and related costs.

Capital Projects Funds

Adjacent Ways – to account for monies received to finance improvements of public ways adjacent to school property.

Other Capital Projects Funds – to account for the revenues and expenditures of other capital projects activities, including the following: energy water and savings, and building renewal grant.

Statistical Section

The statistical section presents financial statement trends as well as detailed financial and operational information not available elsewhere in the report. The statistical section is intended to enhance the reader's understanding of the information presented in the financial statements, notes to the financial statements, and other supplementary information presented in this report. The statistical section is comprised of the five categories of statistical information presented below.

Financial Trends

These schedules contain information on financial trends to help the reader understand how the District's financial position and financial activities have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the factors affecting the District's ability to generate revenue.

Debt Capacity

These schedules present information to help the reader evaluate the District's current levels of outstanding debt as well as assess the District's ability to make debt payments and/or issue additional debt in the future.

Demographic and Economic Information

These schedules present various demographic and economic indicators to help the reader understand the environment in which the District's financial activities take place and to help make comparisons with other school districts.

Operating Information

These schedules contain information about the District's operations and various resources to help the reader draw conclusions as to how the District's financial information relates to the services provided by the District.

Due to cost considerations for the accumulation of data, the District has elected to present less than ten years of data, or data from less than nine years prior, for certain statistical schedules. This information will be accumulated and reported each year until the complete ten years of data is presented.

Note: For locally assessed property (i.e., excluding mines, utilities, etc.) Proposition 117, approved by voters in 2012, amended the Arizona Constitution to require that all property taxes after fiscal year 2014-15 be based upon property values limited to five percent in annual growth. The aggregate assessed value of all taxable properties within a taxing jurisdiction (i.e., after applying assessment ratios based on the use of a property), including property values with a growth limit, is currently referred to as net limited assessed value and formerly as primary assessed value. In accordance with Proposition 117, this value is used for all taxing purposes beginning fiscal year 2015-16. Aggregate assessed value without a growth limit is currently referred to as net full cash assessed value and formerly as secondary assessed value. This remains the value utilized for determining debt capacity limits.

Source: The source of this information is the State and County Abstract of the Assessment Roll, Arizona Department of Revenue.

Note: On November 6, 2012, voters approved Proposition 117, an amendment to the Arizona Constitution. Beginning with Tax Year 2015 (Fiscal Year 2016), both primary and secondary taxes are levied against the net limited assessed value. Primary taxes are used for general District operations. Secondary taxes are used to service District bonded debt requirements and other voter-approved overrides.

Source: The source of this information is the State and County Abstract of the Assessment Roll, Arizona Department of Revenue.

Note: On November 6, 2012, voters approved Proposition 117, an amendment to the Arizona Constitution. Beginning with Tax Year 2015 (Fiscal Year 2016), both primary and secondary taxes are levied against the net limited assessed value. The net full cash assessed value is used for determining the District's bonding capacity and as the ceiling for net limited assessed value.

Source: The source of this information is the District's financial records.

- Notes:** 1) The District's general obligation bonds are subject to two limits: the Constitutional debt limit (total debt limit) on all general obligation bonds outstanding and the statutory debt limit on Class B bonds outstanding. The calculations of the debt margins are presented in detail for the current fiscal year only.
- 2) Prior to FY17, net bond premium was restricted by amount and not subject to the statutory debt limit. Beginning with FY17, any additional net premium used for capital projects, bond counsel, printing and preparation of offering documents, a financial advisor, paying agent costs or to pay down debt is counted against both debt limits with the exception of amounts of premium deposited into the Debt Service Fund or a refunding escrow to pay interest payments.
