WHAT YOU NEED TO KNOW TO GET ENROLLED IN 2018:

- Health Insurance Marketplace offered insurance plans for 2018 from Nov. 1 until Dec. 15, 2017. That's right, open enrollment is shorter this year.
- New plans and pricing are available and financial aid is available for many.
- Re-enrolling? Update your financial information to qualify for assistance. You may be eligible for additional savings, so make sure to log into your account, update your information, compare plans and pick the plan that's right for you.
- Free, local nonprofit help is available. Visit www.coveraz.org/connector or call to schedule an appointment for in person help enrolling in coverage near you. We are certified assisters who help with Marketplace, AHCCCS and KidsCare applications.
